A WIDE INSPIRED SELECTION

An accurate selection of fine textures that meets the aesthetic and practical needs of every interior design project; the designs of modern world have always been the protagonists of architecture in warm and cool tones.

ALL THE REAL FINISHES

Four finishes reproduce all the possible processes used on natural marble. The shiny polished surface brings out the luminosity of the background. The baby satin finish gives the room a velvety appearance accompanied by reduced light reflection, while the refined carving finish of the tiles is perfect for carefully studied surfaces.
