## CHAIRMAN'S MESSAGE

In Q1 FY26, overall market demand continued to remain soft.

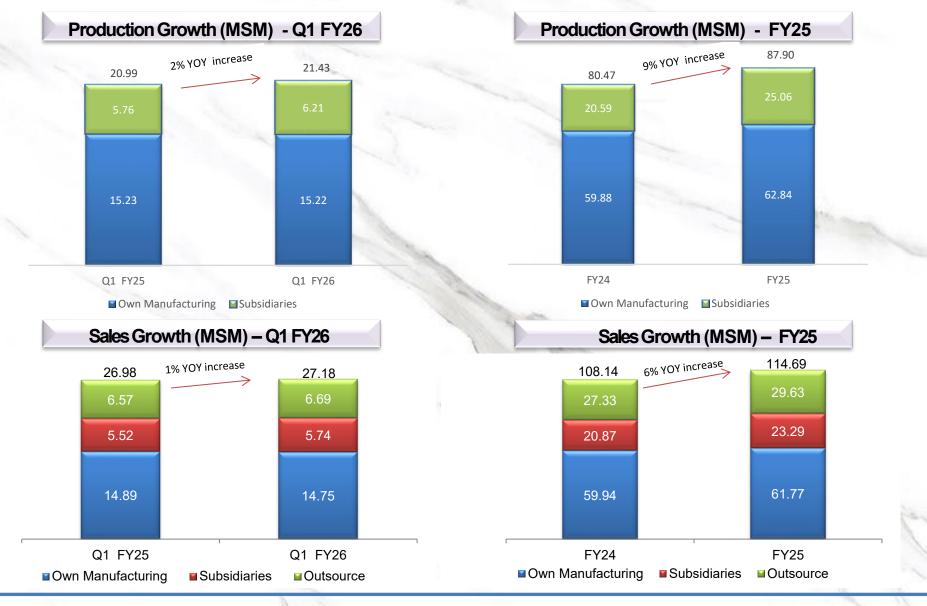

Our consolidated revenue for the quarter stood at ₹ 1104 crores, indicating a 1% yoy decline compared to the corresponding period last year mainly due to very low growth in tiles volume and decline in ply sales due to closer of this division.

However, the margins have improved significantly in Q1 FY26 to 16.72% as compared to 15% in Q1 FY25.

This margin improvement was driven by our focus on cost reduction; optimization of human resources and other corrective measures being undertaken by the company. We are confident that our efforts will yield more efficiency as we move forward.
