- Chairman's Message
- Financial Performance Q3 FY 17 / 9M FY17
- Balance sheet perspective
- Joint Venture / Subsidiaries
- Income Statement
- Shareholding Pattern

A subdued consumer sentiment consequent to liquidity issues prevailing pan-India impacted your Company's financial performance which remained at the level of the previous quarter.

Revenue in Q3/2016-17 stood at Rs 605.45 crore against Rs 596.61 crore in the same period of the previous fiscal. EBIDTA and net profit declined by 2% and 4% respectively over the same period of 2015-16.

The Company launched a nation-wide TVC on-boarding celebrity Akshay Kumar as the ambassador for the Kajaria brand – cementing a strong recall in the minds of discerning consumers. This initiative, we believe, will deliver heartening returns with a rebound in consumer spending.

Going forward, business landscape appears promising. This optimism is pivoted on important realities namely as reduction/subsidization in home-loan rates, favourable policies by the Central Government.
